SECTION 2 - INTRODUCTION

This Section is included to familiarize potential Offerors with the overall scope of the anticipated services, the selection criteria, and the method of award. Refer to detailed Sections identified in the TABLE OF CONTENTS, for complete information.

2.1 Purpose of Solicitation: This RFQ is for the provision of Janitorial Services at the **Charles Reynolds Rest Area on I-84 MP 269.2**. The initial term of this Contract shall be twelve (12) months with extension options of up to four (4) additional years. The maximum term of this Contract shall be five (5) years, unless such other duration meets the best interests of TIC.

2.2 A MANDATORY PRE-OFFER CONFERENCE IS SCHEDULED FOR THIS RFQ. Offerors must attend the mandatory pre-Offer conference. Offers will not be accepted from Offerors who do not attend.

2.2.1 Statements Not Binding: Statements made by the TIC Representative at the pre-Offer conference do not change the RFQ document unless TIC confirms such statements with a written Addendum to the RFQ documents.

2.3 METHOD OF OFFERING: Offerors are required to provide pricing, in US funds, for each of the RFQ Items listed in the RFQ for the Services they propose to furnish. Failure to do so may result in Offer rejection. Offerors must enter responses for all information requested for the RFQ Items listed in **Section 8 RFQ Offer Form** in the proper columns/spaces provided. Failure to do so may result in Offer rejection.

2.4 METHOD OF AWARD: Award of a Contract, if any, will be made to the Offeror receiving the highest point totals based on the scoring of their qualifications and experience (100 points), having appropriate business resources to meet all Contractual responsibilities (50 points), and their cost quotation (50 points). TIC reserves the right to withdraw any RFQ Item(s) from award if it is in the best interest of TIC. TIC reserves the right to reject any, or all RFQs.

2.5 OFFEROR QUALIFICATIONS AND REFERENCES: An **Offeror Qualifications and Reference Form** is provided in **Section 7** of this RFQ. Offerors shall complete this form and return it with their Offer. Failure to provide complete, accurate information may be cause for Offer rejection. Offers will be accepted only from Offerors who have sufficient qualifications and experience that are similar in nature and scope to those called for in this RFQ, and who meet the requirements stated in this RFQ.

2.5.1 Offerors shall provide the required contact information for Offeror's top three current (within the last three years) janitorial customers (in terms of the number of units serviced) as qualified below. Only three references may be submitted for consideration.

2.5.2 Offerors shall also provide three (3) customer references who can be contacted regarding the quality of workmanship and service provided to them. (These references may include current and past janitorial customers.) Only three references may be submitted for consideration.

2.5.3 Failure to provide all information requested may be cause for Offer rejection.

2.5.4 TIC reserves the right to investigate any customer references, whether or not furnished by the Offeror, and past performance of any Offeror in respect to its successful performance of similar projects, compliance with specifications and contractual obligations, its completion or delivery of a product or service on schedule, and its lawful payment of suppliers, subcontractors, and employees.

2.5.5 TIC may postpone the award or execution of any resulting Contract after the announcement of the apparent successful Offeror in order to complete its investigation. TIC may reject an Offer if, in the opinion of TIC, overall references' responses indicate inadequate performance, or that the services rendered did not equal or exceed the level and support as referenced throughout this document.

2.5.6 TIC will diligently attempt to contact each of the references provided by the Offeror. If TIC is unable to contact any of the references, the Offeror will receive zero points for each reference they are unable to reach.

2.5.7 Each reference contacted will be asked the same questions regarding products and services, including but not limited to (1) quality of services; (2) on-time delivery of services, (3) responsiveness to reported problems, including orders and billing; (4) how well the contractor met the terms of the contract; and (5) whether the reference would choose to purchase from the contractor again. For the first four questions, the reference will be asked to rate contractor's performance on a scale of 1 to 5. For questions (1) through (4), 5 points will be awarded for a response of "very satisfied"; 4 points will be awarded for a response of "satisfied"; 3 points for "adequate", 2 points for "marginal", and no points for anything less. For the last question, no points will be added; however, a negative response may result in a negative five rating.

2.5.8 Only Offerors with an average score of 16 or more from all references will be eligible for consideration; less than 16 may be determined to not be a responsible Contractor and will be rejected.
